

SCHOOLS RELAYS ORIENTEERING RESULTS

Torrens Linear Park, Athelstone

Friday 8 September 2000

Congratulations to all, especially the numerous teams from Marryatville High School and Highbury Primary School who rightly assumed that orienteering events go ahead whatever the weather. Every team which had entered, was there in frill strength despite the wind and rain.

It was a "near thing", though, as on the previous evening two of the bridges had been under water and the stepping stones were no longer even visible. This made the Junior Secondary course 350 metres longer than intended but some of the times were so fast that perhaps it was just as well to add the extra distance!

Particular mention must be made of the very new orienteers who orienteered for the very first time to make a school team complete - M. Russell, T. McCrae, M. Boniciolli and E. Jeanes and to the Murray Bridge, Walkerville and Concordia teams who came despite it being their schools' Show Day.

As always, the event happened because of dedicated volunteers. Thanks particularly to John Lyon, Adrian Craig, Colin Dodd, John Hall and Ian Winn and Amber Tomas who came without the impetus of being orienteers' car drivers! These car drivers "pitched in" too, so the results were finalised by 11.45 and presentations of medallions, certificates, Sunsmart water bottles and key rings and Milo biros allowed everyone to be on their way back to school by 12. noon..
